

A Photoceutical Approach to Equine Care

A Complete Program
for Pain Relief,
Tissue Healing,
and Long-Term Care

Proven Technology. Proven Outcomes.

Photoceutical Benefits

-  **Relieve Pain**
Quickly soothe acute and chronic pain
-  **Heal Tissue**
Repair cells at the source
-  **Reduce NSAIDs**
Targeted treatments reduce reliance on drugs
-  **Versatile Applications**
Effectively treat a wide variety of conditions, anywhere/anytime
-  **Proven Efficacy**
Supported by a wide body of scientific evidence
-  **Pain Free**
Non-invasive and painless
-  **Complete**
Solutions for every stage of care and level of experience

Laser Therapy for Comprehensive Equine Care

The Laser Therapy Continuum of Care is founded in a deep understanding of laser science. The Multi Radiance family of therapy lasers are engineered to provide the right tool in the laser therapy toolbox for every patient, and every stage of care.

Relieve Pain

Treatment protocols employ higher powers to block pain and prime patients for tissue repair. Protocols are constructed to treat large areas and address the source and referral sites of pain.

Heal Tissue

After the pain is under control, targeted treatments support tissue healing. Protocols are designed to handle the source of tissue dysfunction for cellular repair.

Maintain Outcomes

After short-term resolution is achieved, chronic conditions require ongoing treatment. Simple operation programs will manage the target area for long-term relief.

Relieving Pain All Over the Body

HEAD

- Sinusitis
- TMJs
- Lacerations

GENERAL

- Osteoarthritis
- Rehabilitation
- Fractures
- Myositis
- Acupuncture
- Wound Healing

HIP AND THIGH

ALPHAVET

High-powered **Class 4** therapeutic laser

Features

- ⚡ 28W of versatile power
- 📄 Multiple modes
- 👆 Touchscreen interface
- 📄 Priority Principle
- 🔧 Built-in protocols
- ④ Lens attachments

ACTIVET PRO Series

Super Pulsed Technology

Features

- ⚡ 50 + 200W super pulsed power
- 📄 Multiple modes
- 🔋 Cordless, 6hr. battery
- 📄 Priority Principle
- ✳️ Red, infrared & blue radiances
- 🕒 Joule measurement and timer

Testimonials

“Laser therapy is now a very valuable modality in combination with manual therapies and acupuncture. I find the ACTIVet PRO to be easy to use and very effective.”

João Marques DVM, CERP, IVCA, NAS, FEI OFFICIAL VET DVM

“I’ve used Multi Radiance lasers for over 10 years now. Despite very high peak power, they are safe, easy to use and very effective. They help with so many sport horse conditions, I use them daily.”

Bart Halsberghe Veterinary Surgeon, DABVP (equine practice), cert. ISELP, cVMA, cVSMT, CERT

Multi Radiance has the largest body of clinical evidence supporting the Laser Therapy Continuum of Care. The Multi Radiance team translates studies into specific technology that provides outstanding outcomes during every stage of care.
